## Thank you for your support!

Thank you for purchasing Twentyfive Mile & Limber Lake! Your support allows me to continue investing my time into these projects, as well as the maintenance of all of my freeware, Emerald Object Library, and of course, everything else expensive that comes with supporting this development hobby.

## Product Information

Twentyfive Mile Lake & Limber Lake Airstrip have been brought to life in incredible detail, with a heavy focus on environmentals and dynamic features! Both airstrips are just 1 mi (1.6 km) apart and 10.5 mi (16.9 km) from our previously released payware: [Fort Crosby](#).

### Installation

#### If downloaded from a website

Unzip the downloaded **.zip** archive.

Make sure that Microsoft Flight Simulator 2024 is not running! Once unzipped, the included "**esd-airport-rn25-twentyfive-mile-rnll-limber-lake**" folder should be placed into your MSFS 2024 "Packages\Community" folder. The scenery will load the next time you start the sim!

#### If purchased from Marketplace

Once the addon has finished installing, you may need to restart Microsoft Flight Simulator 2024 in order for the scenery to load and display correctly!

This is the case for *every* addon purchased through Marketplace, whether you are on PC or Xbox.

### Requirements

**[Emerald Object Library](#) (Also available on Marketplace) is required for this scenery to display as intended!** Not installing the library will result in most models not showing throughout the scenery. Emerald Object Library is our own in-house collection of static and dynamic models, materials, and VFX which allows us to push fixes for common assets across multiple products at once, as well as keep the required space of our addons to a minimum by eliminating duplicates in each project.

## Features

- ❖ Two highly detailed airstrips: Twentyfive Mile Lake (RN25) & Limber Lake (RNLL).
- ❖ A coverage area of 5.6 mi<sup>2</sup> (9 km<sup>2</sup>), including multiple custom Cabins with extra details throughout.
- ❖ All models use PBR textures, up to 4K resolution.
- ❖ Color-matched aerial imagery at 30cm/px.
- ❖ Hand-crafted terraforming up to 3m/px, and fully compatible with ORBX's Alaska Mesh.
- ❖ Custom environmentals including Weeds, Wildflowers, Native Shrubs, 3D Trees, Rocks, and Logs.
- ❖ Custom animated wildlife: Bears, Fox, Moose, Wild Boar, & Wolf roam the coverage area.
- ❖ Dynamic SFX using Wwise.

## Dynamic Features

- ❖ **Bears** - Can be found roaming the scenery. Will go into hibernation when temperatures fall below freezing.
- ❖ **Birds SFX (Downy Woodpecker)** - Audible throughout the scenery from Dawn to Dusk, but not when Rain or Snow is reported. Randomly switches between call and drumming sounds.
- ❖ **Birds SFX (Great Horned Owl)** - Audible throughout the scenery at Night, but not when Rain or Snow is reported.
- ❖ **Birds SFX (Junco & Fox Sparrow)** - Audible throughout the scenery from Dawn to Dusk, but not when Rain or Snow is reported.
- ❖ **Butterflies** - Visible around flowers from May through September. Includes 4 different Alaska native variations! Will not show when Rain or Snow is reported.
- ❖ **Feral Hog** - Roams near the Northern end of the runway at Twentyfive Mile Lake.
- ❖ **Fox** - Roams around the Limber Lake airstrip. Will play a Wwise SFX call roughly every 6 minutes.
- ❖ **Frogs** - Can be found around the Safari Lake shore. Appears when Rain has been reported in the area.
- ❖ **Moose** - A few can be found roaming the scenery and will walk up the runway at Limber Lake.
- ❖ **Wolf** - Will pass in front of the Log Cabin and cross the runway at Twentyfive Mile Lake. Changes to a winter coat when temperatures fall below freezing.
- ❖ **Rain Puddles** - Appear at both airstrips when Rain has been reported in the area.
- ❖ **Roof Snow** - 3D Snow will appear on airstrip building roofs once snow depth has been reported on the ground.
- ❖ **VFX** - Smoke and Campfire VFX will appear throughout the scenery once temperatures fall to 50°F (10°C) or below.
- ❖ **Windsocks/Flag/Wind Turbine** - Will change orientation and animation based on Wind speed and direction.

## Twentyfive Mile Lake Airstrip (RN25)

Twentyfive Mile Lake is the Northernmost airstrip in the 5.6 mi<sup>2</sup> (9 km<sup>2</sup>) coverage area. It has a single dirt runway with a generous slope starting on the Northern end. The runway has an approximate usable length of around 1020 ft (311 m) with no real obstacles besides slope, wildlife, and a drainage ditch on each side of the runway.

### Fauna

- ❖ **Butterflies** – Can be spotted around flowers from May through September.
- ❖ **Feral Hog** – Roams near the Northern end of the airstrip. Will cross the runway near the top and eventually walk up the side before crossing again.
- ❖ **Wolf** – Roams near the Southern end of the airstrip. Can be seen walking between the cabins and crossing the runway near the parking spawns.

***Approaches should be made from the South when possible due to the grade of the runway!***

## Limber Lake Airstrip (RNLL)

Limber Lake is the Southernmost airstrip. It has a single dirt runway with a decent slope and dip on the Northern end. The runway has an approximate usable length of around 1300 ft (396 m) with no real obstacles other than the slope and wildlife.

### Fauna

- ❖ **Butterflies** – Can be spotted around flowers from May through September.
- ❖ **Fox** – Roams near the Southern end of the airstrip. Will cross the runway near the parking and eventually cross the Northern end of the runway. Plays a call sound effect every so often.
- ❖ **Moose** – Always check the runway before landing! This Moose roams near the airstrip and will eventually walk the entire length of the runway.

***Approaches should be made from the South when possible due to the grade of the runway!***

## NOTAMs

We try our best to keep a running list of known issues involving limitations or conflicts when discovered. If possible, fixing these issues are our top priority. However, please note that the majority of these may be out of our control.

### 1. **Dynamic Features In Avatar Mode**

**[Sim Bug - Reported]** It is a known issue that dynamic features present in the scenery, such as roof snow and ambient bird SFX, do not trigger correctly if conditions change while in Avatar camera mode. All other aircraft cameras will allow the features to update correctly.

## Credits & Support

Twentyfive Mile & Limber Lake designed by Chris "Rotornut44" of Emerald Scenery Design.

### Join the Discord!

Join me on Discord using the link above! My Discord is the first to know of any upcoming projects, previews, and insider information!

### Product Support

Product support is provided via **Discord** or the **contact page** above.

Please refrain from posting support queries in forum threads or PMs! It makes it hard to keep track of who asked what and where. Using the official support channels will always get you the fastest support!

### Beta Team

A very special thanks to those who helped test this scenery and provided feedback!

# Change Log

---

## **v1.0.1 | May 15, 2025**

- Cleaned up autogen rocks in a few locations.
- Fixes for improved water accuracy in SU2.

---

## **v1.0.0 | March 21, 2025**

- Initial Release for MSFS 2024.

# End User License Agreement

THIS END USER LICENSE AGREEMENT (the "Agreement") dated this 29th day of February, 2024 (the "Execution Date")

**BETWEEN:**

Emerald Scenery Design (the "Vendor") OF THE FIRST PART and the "Licensee" OF THE SECOND PART

**BACKGROUND:**

The Vendor wishes to license computer software to the Licensee and the Licensee desires to purchase the software license under the terms and conditions stated below.

**IN CONSIDERATION OF** the provisions contained in this Agreement and for other good and valuable consideration, the receipt and sufficiency of which is acknowledged, the parties agree as follows:

**License**

1. Under this Agreement the Vendor grants to the Licensee a non-exclusive and non-transferable license (the "License") to use Twentyfive Mile & Limber Lake (the "Software").
2. "Software" includes the executable computer programs and any related printed, electronic and online documentation and any other files that may accompany the product.
3. Title, copyright, intellectual property rights and distribution rights of the Software remain exclusively with the Vendor. Intellectual property rights include the look and feel of the Software. This Agreement constitutes a license for use only and is not in any way a transfer of ownership rights to the Software.
4. The Software may be loaded onto no more than one computer. A single copy may be made for backup purposes only.
5. The rights and obligations of this Agreement are personal rights granted to the Licensee only. The Licensee may not transfer or assign any of the rights or obligations granted under this Agreement to any other person or legal entity. The Licensee may not make available the Software for use by one or more third parties.
6. The Software may not be modified, reverse-engineered, or de-compiled in any manner through current or future available technologies.
7. Failure to comply with any of the terms under the License section will be considered a material breach of this Agreement.

**License Fee**

8. The purchase price of \$11.99 USD paid by the Licensee will constitute the entire license fee and is the full consideration for this Agreement.

**Limitation of Liability**

9. The Software is provided by the Vendor and accepted by the Licensee "as is". Liability of the Vendor will be limited to a maximum of the original purchase price of the Software. The Vendor will not be liable for any general, special, incidental or consequential damages including, but not limited to, loss of production, loss of profits, loss of revenue, loss of data, or any other business or economic disadvantage suffered by the Licensee arising out of the use or failure to use the Software.

10. The Vendor makes no warranty expressed or implied regarding the fitness of the Software for a particular purpose or that the Software will be suitable or appropriate for the specific requirements of the Licensee.

11. The Vendor does not warrant that use of the Software will be uninterrupted or error-free. The Licensee accepts that software in general is prone to bugs and flaws within an acceptable level as determined in the industry.

**Warrants and Representations**

12. The Vendor warrants and represents that it is the copyright holder of the Software. The Vendor warrants and represents that granting the license to use this Software is not in violation of any other agreement, copyright or applicable statute.

**Acceptance**

13. All terms, conditions and obligations of this Agreement will be deemed to be accepted by the Licensee ("Acceptance") upon execution of this Agreement.

**User Support**

14. The Licensee will be entitled to one year of on site user support available 24 hours per day 7 days per week, at no additional cost.

15. The Licensee will be entitled to maintenance upgrades and bug fixes, at no additional cost, for a period of one year from the date of Acceptance.

**Term**

16. The term of this Agreement will begin on Acceptance and is perpetual.

**Termination**

17. This Agreement will be terminated and the License forfeited where the Licensee has failed to comply with any of the terms of this Agreement or is in breach of this Agreement. On termination of this Agreement for any reason, the Licensee will promptly destroy the Software.

**Force Majeure**

18. The Vendor will be free of liability to the Licensee where the Vendor is prevented from executing its obligations under this Agreement in whole or in part due to Force Majeure, such as earthquake, typhoon, flood, fire, and war or any other unforeseen and uncontrollable event where the Vendor has taken any and all appropriate action to mitigate such an event.

**Governing Law**

19. The Parties to this Agreement submit to the jurisdiction of the courts of the State of Florida for the enforcement of this Agreement or any arbitration award or decision arising from this Agreement. This Agreement will be enforced or construed according to the laws of the State of Florida.

**Miscellaneous**

20. This Agreement can only be modified in writing signed by both the Vendor and the Licensee.

21. This Agreement does not create or imply any relationship in agency or partnership between the Vendor and the Licensee.

22. Headings are inserted for the convenience of the parties only and are not to be considered when interpreting this Agreement. Words in the singular mean and include the plural and vice versa. Words in the masculine gender include the feminine gender and vice versa. Words in the neuter gender include the masculine gender and the feminine gender and vice versa.

23. If any term, covenant, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, it is the parties' intent that such provision be reduced in scope by the court only to the extent deemed necessary by that court to render the provision reasonable and enforceable and the remainder of the provisions of this Agreement will in no way be affected, impaired or invalidated as a result.

24. This Agreement contains the entire agreement between the parties. All understandings have been included in this Agreement. Representations which may have been made by any party to this Agreement may in some way be inconsistent with this final written Agreement. All such statements are declared to be of no value in this Agreement. Only the written terms of this Agreement will bind the parties.

25. This Agreement and the terms and conditions contained in this Agreement apply to and are binding upon the Vendor's successors and assigns.
